- 2) Declaration of interest None
- 3) Public Comment a member of the public commented that changing working times to 6am to 10pm 365 days of the year was totally unacceptable as this would give the residents living near no respite also the traffic movements of staff and deliveries would also impact on the rural community. Concerns also about setting a precedence for other business to explore longer working times.
- 4) Planning applications: DC/19/3560/VOC Variation of Condition 4 of DC/14/0774/FUL - Extension to existing joinery workshop to provide additional spray booth, drying area and storage area together with new office, kitchen and toilet facilities and extending existing external hardstanding for waste storage facility and car parking. Variation to hours of work. There was much debate about points voiced by the public particularly setting a precedence also unfair on other businesses within the Moat Park and Yew Tree business centres. The applicant already flaunts opening times regularly working early in the morning and late into the evening. Concerns about noisy machinery running early mornings and late in the night especially in the summer months when doors are open. A vote was taken and unanimously rejected
